

I am looking forward to a great year at Pickens County Middle School. I consider it an honor and privilege to be principal at PCMS where I have the opportunity to serve our students, parents, faculty and staff, as well as the community.

My years as an educator have provided me with many experiences including: eight years as an elementary school teacher, six years as a high school teacher, two years as a high school assistant principal, four years as an elementary principal, and now to Pickens County Middle School. Each journey I have taken in my education career has been special and rewarding. I have loved every grade level of students with which I have worked. I have been asked many times which age group or grade level I like best, and I have never been able to choose a favorite because they are all special.

When I am not at work, I enjoy spending time with my family. My husband and I have two children, two dogs, 16 cats, and seven fish. Needless to say, much of our time is spent shopping for pet food and taking care of the pets!

It is indeed a pleasure to be a part of the Pickens County Middle School family. Go Dragons!!
