

Welcome to Pickens County Middle School!

I am looking forward to a great year here at PCMS as your Assistant Principal. I have had the honor of teaching here for the last nine years, and have watched our students grow up to be successful high school students and productive citizens. PCMS is like my family, and I would like for you and your children to feel the same way when you enter our doors.

I have previously taught post-secondary courses at Appalachian Technical College. I have most recently taught 6th, 7th, and 8th grade Mathematics and Social Studies, and was an Academic Coach for JMS and PCMS. I received my Bachelor of Science in Middle Grade Education from Brenau University in 1997, my Master of Arts in Teaching (Math) from

Piedmont College in 2011, and am currently working on my Educational Specialist Degree in Leadership at Kennesaw State University.

When I am not at school, I spend time with my husband, Michael, and both of our families. We like to visit the beach as often as possible, go fishing, and be involved in community activities.

I am excited to work with parents, students, community and our amazing staff to provide a quality education with rigorous standards and a safe and nurturing environment for all of our students. Parent and community support is vital to the success of any school, and you are always welcome. Feel free to contact me anytime.

We expect the best as PCMS and we give the best as PCMS!
